Warrant for Annual Meeting

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Milford in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the 13th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.

2. To hear the reports of all town officers, agents and committees, and pass any vote relating thereto.

3. To bring in your ballots upon the question as to whether the amendment proposed by the Convention to revise the Constitution shall be approved.

4 To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for permanent improvement of highways under the law passed at the January session, 1905.

5. To see if the town will vote to raise and appropriate the amount of money necessary to secure Federal Aid Reconstruction.

6. To see what sum of money the town will vote to raise and appropriate for town officers' salaries, town officers' expenses, election and registration expenses, municipal court expenses, care and supplies for town house, police protection, fire protection, moth extermination, health department, vital statistics, state aid maintenance of highways, trunk line maintenance of highways, town

maintenance of highways, general expense of highway department, street lighting, Milford Free Library, town poor, Memorial day, parks and playgrounds, cemeteries, interest on temporary loans, interest on bonded debt, interest on serial notes, interest on trust funds, town construction of highways, state aid construction of highways, sidewalk construction, sewer construction, payments on principal of debts, payments to sinking funds, state, taxes and county taxes.

7 To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes, if necessary, as provided by law of 1907.

8. To see if the town will vote to extend the sewer on Dearborn street and raise and appropriate money for the same.

9. To see what sum of money the town will raise and appropriate for repairs and alterations of room and equipment, now used by the Postoffice Department.

10. To see what sum of money, if any, the town will vote to raise and appropriate toward maintaining a series of band concerts the coming year.

11 To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 26th day of February, in the year of our Lord nineteen hundred and twenty-three.

GEORGE A. McINTIRE,
GEORGE A. WORCESTER,
FRED N. HUTCHINSON,
Selectmen of Milford

Warrant for School Meeting

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Milford, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 13th day of March 1923, at 3 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the year beginning July 1, 1923.
5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
7. To see how much money the District will raise and appropriate for the support of schools and for the payment of other obligations as set forth in the budget of the School Board in their annual report.
8. To see how much money the District will raise and appropriate for repairs and alterations of school buildings and for new equipment.
9. To see how much money the District will raise and appropriate for insurance on school property.
10. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 24th day of February, A. D. 1923.

JAMES T. YOUNG
BLANCHE A. BRUCE
HARRY N. THOMAS
School Board.

GEORGE A. McINTIRE,
GEORGE A. WORCESTER,
FRED N. HUTCHINSON,
Selectmen of Milford.

Report of Highway Agent

The permanent road construction consists of:

Souhegan street from Amherst street to Chestnut street, about 1550 feet, was surfaced with crushed granite and water bound. Later it was treated with dust oil and in the fall it was surfaced with No. 6 Asphaltum.

Union street from the R. R. crossing to George street was scarrified, then resurfaced with crushed granite and finished with two coats of tarvia B and gravel.

Gilson hill, Myrtle street, parts of Highland avenue and Summer street and Railroad square and Cottage street were given a coating of No. 6 Asphaltum.

The unfinished part of Dean Moore hill, about 300 feet, was surfaced with crushed granite and "Tarvia X."

The trunk line under town care, Nashua, Elm, Amherst and South streets, were given a coat of No. 6 Asphaltum.

State aid construction, Mason road. We built 2800 feet of water bound crushed granite road from the town crusher plant set at Kittredge's quarry. This section is from the top of Dean Moore hill to the old cider mill corner, and cost about $3500.

In November we built the Lincoln street concrete bridge.

Report of Fire Engineers

The Board of Fire Engineers submit the following report for the year ending January 31, 1923:

APPARATUS

Motor pumping engine No. 1, Souhegan Hose wagon, Eagle Hose wagon, Pine Valley Hose wagon, Alert Hook and Ladder truck, Neptune Fire engine and hose reel all equipped and in good condition, also two sleds for use in winter when hose wagons can not be used.

Hose on hand: 3800 feet 2 1-2 inch in good condition.

There were 14 box alarms and 64 still calls during the year. Sixty five of these 78 alarms were answered by the motor engine.

For the usual expenses of the department we would ask for an appropriation of $3500.00.

Report of Chief of Police

To the Honorable Board of Selectmen:

In discharging the duties of my office as Chief of Police, I herewith submit for your consideration my annual report of the Police Department for the year ending January 31, 1923.

Whole number of arrests	38
Violating liquor laws	4
Violating game laws	4
Violating auto laws	5
Violating Town by-laws	1
Larceny	7
Assault and battery	4
Drunk	4
Carrying concealed weapon	1
Adultery	2
Vagabond	1
Bastardy	2
Non-support	3

Disposition of cases: 15 were fined; 4 were sent to the Superior Court; 3 were found not guilty; 2 were sent to jail; 4 cases were continued; 2 are pending; 8 were turned over to outside police.

Males, 36. Females, 2. Non-residents, 8. Residents, 30. Minors, 4.

Miscellaneous Report: Buildings found open, 74; Fire alarms given, 3; Tramps lodged in station, 408; Lanterns hung in dangerous places, 3. All lights found out by the police were reported.

During the year members of the department have been in attendance at all fires, and aided in getting the apparatus to the fires that have occured at night, 40 automobile accidents, 88 private affairs, and 65 duty calls.

Over 500 complaints have been received and investigated during the year, and the sum of $425 has been recovered in cases of larceny.

In concluding my report I wish to thank the Board of Selectmen for their co-operation, and the officers of the department for their aid in furthering the work of the department, and to the citizens I wish to extend my appreciation.

Respectfully,
JOHN J. MONTEITH,
Chief of Police.

Milford, January 31, 1923.

Report of Water Commissioners

Milford, N. H., February 12, 1923.

To the Honorable Board of Water Commissioners:

I herewith submit my report for the year ending January 31, 1923. In spite of the continued high prices we are closing the year with a very good surplus. After paying $4,250 on our bonded debt we have a surplus of $2,750 with a large amount of unpaid bills that would bring the total well over $3,000.

We have replaced two old style hydrants with new Cory hydrants with independent gates, and one that was broken by an automobile. We have replaced 32 lead goose-necks on services. Eight new services were added this year and 16 new meters. The new filter-plant is working very satisfactorily. In the summer time the sand has to be cleaned every 30 days while in the winter once in 60 days.

In comparing the cost of pumping by electricity and steam our records of a full year on steam in 1921 shows that we paid for coal alone over $2500, pumping the water once. The past year with the electric pump, pumping the water twice, that is, the water has to be pumped into the filter and from the filter up to the standpipe, our electric bill was $2,009.

I would suggest that we install a gasoline driven stand-by pump in the near future for an emergency outfit.

Thanking the board for their hearty co-operation, I am

Respectfully yours,

R. F. CAMPBELL,

Superintendent.

REPORT OF THE TRUSTEES OF THE MILFORD FREE LIBRARY FOR THE YEAR ENDING JANUARY 31, 1923.

To the Citizens of the Town of Milford:

The trustees of the Milford Free Library herewith submit their fifty-fourth annual report, together with the report of the librarian.

At the annual meeting of the trustees held on April 12, 1922, Mr. Emory D. Heald was re-elected Chairman, Miss Ella M. Powers was re-elected Secretary, and Mr. B. F. Prescott, Treasurer. Miss Secombe was re-elected librarian and Miss Miriam French assistant.

The various departments of the library work are in a satisfactory condition. The service given to the public is most gratifying. The library quarters are neither satisfactory or worthy of a town like Milford.

Each year the necessity for additional room becomes more urgent.

The trustees have given careful attention to the investment of the funds and the income has been expended according to the stipulations. We wish to acknowledge the gifts to the library and the contributions to the reading room.

The premium of $150.00 on the insurance becomes due this year. After a careful consideration of the budget for 1923, and planning for economy and continued efficiency, we recommend that the sum of $2300.00 be appropriated at the annual town meeting for the use of the Milford Free Library.

Respectfully submitted,

EMORY D. HEALD,
ELLA M. POWERS,
B. F. PRESCOTT.

REPORT OF THE LIBRARIAN

To the Trustees of the Milford Free Library:

I, herewith, submit the annual report of the Milford Free Library for the year ending January 31, 1923.

The library has been open 303 days for eight hours each day. The attendance in the main reading room has been 6,103.

The circulation for the first half of the year excelled any previous record for the same time of the year; but since July it has decreased, so that the total circulation, 39,820, is a little below that of last year.

During Children's Book Week in November a canvass was made of the grade school in the village to find how many of the children took books from the library. Of the 390 children from the second to the eighth grades, 347 used the library. In four grades all the class had library cards. Canvass of the outside schools was not made at that time, but will be in the spring.

Full statistics in regard to the work of the library follow.

ANNABELL C. SECOMBE,
Librarian.

RESOURCES

Number of bound volumes at beginning of the year:
Adult 12,213, Juvenile 1,625 Total 13,838
Number of bound volumes added by purchase:
Adult 245, Juvenile 242, Total 487
Number of bound volumes added by gift:
Adult 40, Juvenile 10, Total 50
Federal, state and town documents added:
Adult 4, Juvenile 0, Total 4
Number of volumes of magazines added by binding:
Adult 34, Juvenile 10, Total 44

Number of volumes lost or discarded:
Adult 139, Juvenile 212, Total 351
Number of volumes at end of the year:
Adult 12,397, Juvenile 1,675, Total 14,072
Number of magazines and newspapers currently received: 60

SERVICE

Number of volumes of non-fiction lent:
Adult 1,930, Juvenile 6,757, Total 8,687
Number of volumes of fiction lent:
Adult 18,397, Juvenile 9,946, Total 28,343
Number of magazines lent:
Adult 1,826, Juvenile 964, Total 2,790
Total circulation for current year:
Adult 22,153, Juvenile 17,667, Total 39,820
Number of new borrowers added during the year: 218
Total number of borrowers: 2,613

Shepard Park Commission

To the Selectmen:

The committee during the past year have given their attention principally to the care of the park. All trees previously set were growing in the fall of 1922 and the favorable winter makes it probable that it will be unnecessary for us to make any replacement in the spring.

The constant use of the ball field and simple apparatus for amusement of children encourages us not only to take care of what we have but from time to time make such modest addition as seems wise and within the funds at our disposal.

Reference to financial report appended will bring to the voters' attention the purpose for which the funds have been expended.

We respectfully ask the sum of $50.00 to be raised and appropriated for continuance of the work this year.

P. R. WOODMAN,
THOMAS F. O'NEIL,
JOHN F. PIROVANO.

Report of School Board

The schools of Milford have held their own this year and have again met all the requirements of the state's board in every way.

The usual summer cleaning and minor repairs were made in 1922 to all buildings. The North school was completely remodelled by changing and increasing the light area, installation of a hard wood floor, steel ceiling, new desks, more slate blackboards, ample closet room for books and supplies, a wood shed in the main building, a jacketed stove and chemical toilets. While the building has been changed very slightly on the outside, one would scarcely know the room on the inside The Laurel school was painted inside and out. The Federal Hill school has a partially rebuilt chimney and Pine Valley repairs to the floor. Chemical toilets were installed at Osgood school. At the Brick the old roof has been replaced by a new one and in both the Brick and White schools, one room in each was split and made into two school rooms. This required the installation of more windows to bring the ratio of light area to floor area to an adequate amount. The four resulting rooms while small are in many respects better than the two old large rooms, especially as to the direction of light.

At the High School building some inside painting was done and the boiler retubed, also a considerable amount of money was spent in taking care of excess water from the roof which has been causing trouble for several years.

The coming year the North school should be painted outside, the Osgood, Pine Valley and High School building, inside and out. Jacketed stoves should be provided at Laurel, Osgood and Pine Valley schools. The floor timbers at Pine Valley should be looked after and

a new fence constructed on the west side of the grounds. At the Brick school several trees should be removed to improve the lighting during the short days of the year and to remove the danger of falling limbs. At the White School a fence should be constructed on the west side, also the toilet arrangements are in very poor condition and should be thoroughly gone over, even to the extent of installing a complete new outfit.

At the High School building the roof and gutters after several years' service are in bad shape and should be put in first class condition. Cleanliness of all schools where floors are frequently oiled would be improved by a thorough washing in the summer.

The school board was fortunate in securing enough fuel at a reasonable cost to enable them to keep all the schoolhouses open. Again this next year we shall be confronted with the problem of finding rooms for all scholars registered, but are in hopes to study out a solution as successfully as in this year, but it leaves the same question to be answered every year and at the present rate of increase it is only a question of a short time when a new school building will be an absolute necessity.

Of the large amount voted for new books and supplies the expenditure is fully explained in the itemized budget.

The instructional and administrative sides are fully discussed in the reports of the Superintendent and Headmaster.

FINANCIAL REPORT OF SCHOOL BOARD

(For Fiscal Year July 1, 1921 to June 30, 1922)

*TOTAL RECEIPTS	$46,667 23
TOTAL PAYMENTS	$46,667 23

*Drawn on 1922-1923 account $1516.18. Unpaid bills on June 30, 1922, more than covered by tuitions overdue.

RECEIPTS

From State:

Equalization (state aid)		$1807 60
From Selectmen Raised by Taxation:		
Support of elementary schools	21,600 00

Fuel		3000	1200	1800
Water, light, janitors' supplies		800	200	600
Minor repairs and expenses		1200	300	900
Medical inspection		800	150	650
Transportation of pupils		3000		3000
Totals		$46,925	$18,335	$28,590
Estimated income that can be applied to high school				
Tuitions	$3000			
Dog licenses	400			
Smiht-Hughes	1000			
Sale of supplies	100			
			4500	
Estimate of state aid for support of elem. schools				None
Tuition and refunds				400
		$42,025	$13,835	$28,190

B. Amounts Required for Payment of Statutory Obligations

Salaries of School Board	$ 200
Salary of Treasurer	50
Salary of Truant Officer	50
School Census	50
Payment of principal of debt	1000
Payment of interest on debt	60
$2 per capita tax	1626
	$3036

C. Amount Required for Superintendent's Salary and Expenses of Administration

Superintendent's salary (1-2 of $1400)	$700
Clerk's salary (1-2 of $400)	200
Other expenses of administration (carfare, telephoning, printing, postage, office supplies)	150
	$1050

SUMMARY

A. Amount to be raised and appropriated for support of elementary schools	$28,190
Amount to be raised and appropriated for high school	$13,835
B. Amount to be raised and appropriated for payment of statutory obligations	$ 3,036
C. Amount to be raised and appropriated for Supt.'s salary and expenses of administration	$ 1,050
Total Amount to be Raised and Appropriated for Fiscal Year, July 1, '23 to June 30, '24	$46,111

J. THORNE YOUNG,
HARRY N. THOMAS,
BLANCHE A. BRUCE,
School Board.

REPORT OF CLERK

Return of District Revenue 1922
School District of Milford, N. H.

To meet statutory requirements:	
Support of schools, school board budget of necessary expenses of Instruction, Operation and Special Activities (High)	$12,870 00
(Elementary)	26,553 00
($3.50 per thousand dollars of inventory is required by law. To qualify for state aid $5 per thousand dollars of equalized valuation must be raised for the support of elementary schools.)	
Payments of principal of debt	1,000 00
Payments of interest on debt	100 00
Salaries of district officers (determined by district)	350 00
$2 per capita tax for supervision	1,578 00
Appropriations:	
Rent of Red Cross room for evening school	25 00
Superintendent's salary account	500 00
Clerk's salary	200 00
Expenses of Administration	150 00
Special repairs and equipment	2,980 00
Total amount money to be raised by taxation	$46,306 00

I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the Milford School District held March 14, 1922.

A. WALLACE WILKINS,
Clerk of the School District.

Respectfully submitted,
MAURICE G. JEWETT
Treasurer.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Milford:

I herewith submit my fourth annual report, which is the eighteenth in the series of such reports.

Organization of Supervisory Union No. 40

The grouping of school districts of last year has been continued and apportionment of joint expenses determined by the four school boards of the union as follows: Amherst, one fourth; Brookline, one sixth; Milford, one half; Mont Vernon, one twelfth.

Teachers

The changes in the teaching force in the elementary schools since a year ago are as follows:

Miss Mack, who taught a combination of Grades VI and VII in the High School building has the Federal Hill school. Grade VI is now all at the White School building and the room used by Miss Mack has been taken for High School. At the White School, Mrs. Dickinson withdrew from town and was replaced by Miss Kathryn M. Clarkin who taught last year at Pine Valley. One additional teacher was required for a combination of Grades V and VI. Miss Marguerite McGary of Lancaster, a teacher of several years' experience and some normal training, was appointed. At the Brick School the vacancy in Grade I was filled by Miss Ina L. Tebbetts of East Concord, a graduate of Concord Training School. Mrs. Marsh, who has taught the Federal Hill school for many years, has become the additional teacher in Grade III. In the rural schools changes are numerous. The Laurel school is taught by Miss Margaret Coumans of Amherst, a teacher of one year's experience and one summer at the normal school at Hyannis, Mass. The position at Osgood made vacant by Miss Lancey after four years of efficient service was taken by Miss Blanche Folsom of Nashua, a grad-

uate of the Lowell Normal school. At Pine Valley, Miss Mary Moriarty, a graduate of Keene Normal school, is the teacher. The North school continues under the direction of Mrs. Jennison who is serving her second year. The Federal Hill school has been kept open, this being the wish of the people in that part of the town. Miss Mack, as stated above, has charge of the school.

At the High School changes for September are fully explained in the Headmaster's report. Mr. Hills has not mentioned, however, that he has accepted a position in one of the three large high schools in Waterbury, Conn., and began his duties there February 19. Mr. Hills has brought up the standards of our High School very much during his three and one-half years both in scholarship and in discipline. He leaves the school well organized and in smooth running order. As a classroom teacher Mr. Hills was one of the strongest members of the staff. For the remainder of the school year Mr. Howard L. Winslow of Cumberland, Me., formerly superintendent of schools in the Goffstown union, will act as headmaster.

All teachers in New Hampshire must have a certificate, license or permit. Many of our teachers who do not hold certificates have this objective in mind, and are working toward it by constant professional study during the year or at summer schools. Certificates are not granted until a teacher proves her ability in the class room and shows evidence of continued professional study.

What holds a good teacher? Most people will say salary. However, that is not all, for community interest and support of schools has something to do with it; likewise, the social activities which become available for a teacher either in the general social organizations of the community or in teacher groups. Milford community support and social activities do attract and

hold teachers. Teachers, too, like to be consulted as to what is to be taught and how it is to be taught, before final plans are made. In this way, teachers do have a part in our school policy.

Instruction

The profession of teaching calls for men and women fully trained in theory and practice for their work. Some teachers secure this training before they begin to teach, while others combine study and practice, taking summer school work and sometimes a full year off for study. Normal schools and colleges are offering in their summer sessions work well fitted for the professional improvement of both high and elementary teachers and for superintendents too. No person can expect to climb the ladder to success without this continued study. Courses offer professional, academic, and recreational subjects. One of each makes a very good combination. It is to be hoped that all of our teachers will plan for themselves attendance at summer school, once in a while at least. Teachers in high school who have decided perhaps at the last minute in their college course to enter teaching would be greatly benefitted by a full summer's work at a regular normal school before beginning their duties in the fall.

Courtis practice tests in arithmetic have been introduced and are resulting in a marked improvement in fundamentals of arithmetic. They permit each pupil to receive thorough drill and to advance as rapidly as he himself is able.

The Houston system of penmanship has also been introduced. This is very similar to methods used here in the past. Mr. Houston himself came to us from New Haven, Conn., to explain it and to inspire us to teach it. The only way to get good penmanship is to require it from each pupil in all his writing and to correct the pupil just as quickly for poor form and position as he

would be corrected for gum-chewing or undue noise.

The usual conventions and conferences about the state have been held during the last year. Teachers and superintendent have attended and profited from them; especially good was a small institute in Amherst last November, for teachers of mixed schools. Subjects considered were Reading and Spelling.

The work in history has been arranged so that American history stories for Grade IV have been followed by stories from ancient history in Grade V; then Grade VI took up a more intensive study of English history as a background to the two year study of American history in Grades VII and VIII.

The work of the sixth grade might be improved if instead of taking English history alone, American beginnings in all European countries which have a bearing upon the early history of our country were considered. It is recommended, therefore, that the work for next year for this grade be changed inasmuch as suitable textbooks are on the market. Our present English history books could well be used in a supplementary way.

It is just as important in any school, particularly in the upper grades, to teach the pupils HOW TO STUDY as to have them learn a mass of facts and figures. The teacher holds the key to this part of instruction and her success in the profession and competency as a teacher depends on her ability to teach this thing—how to study.

In music we have constantly raised the standard by continuing with one system over a period of years. Particularly should be mentioned the great improvement in the high school work and the musical entertainment given last spring. Details of work done and plans for the future are fully explained in the report of the music supervisor, to which your attention is called.

Drawing is a subject which has received little at-

tention for several years past other than what has been done by the individual teachers. Some are, of course, skilled in this while others are able to do but little. A great many children have ability along this line and should have a chance to develop it.

A supervisor of drawing would put the entire work on a systematical and fully graded basis and is, of course, quite necessary if it is desired to teach the subject in the public schools.

Evening School

During this last winter no classes have been held as the registration has decreased so rapidly. One difficulty may be the question of securing teachers who have had special training for this sort of work. The clerk employed in the office of the superintendent of schools in some places is also a trained director of evening schools, a combination that would seem desirable in Milford from a financial and administrative point of view. Another difficulty is that many who might attend are engaged at work with holiday greens at just the time evening school is in session. This could be solved by running the school at a different time of the year. Any suggestions from individuals or organizations will be gladly received and much appreciated.

Books and Supplies

Many purchases have been made to replace and add to our textbooks as explained in last year's report. New grammars and arithmetics for upper grades have been purchased, new histories for the Fifth Grade and a large amount of reading material for lower grades. In the High School the usual replacements have been necessary, together with some additional material in French and English literature.

The needs for another year are to extend into the middle grades the arithmetic series now in use in the upper grades, and to provide new language books for all grades which use them below the seventh. Geo-

graphical readers, revised since the war, are now on the market, so that a beginning should be made to replace our earlier editions. Sets of up-to-date reference books are worth while for upper grades and so provision should be made to furnish them. Since elementary pupils patronize the public library very freely, it would seem to be a feasible scheme to have right in each school room a library set of from twenty-five to fifty volumes which children would be allowed to take home. These need not duplicate what they can find at the public library.

Prizes and Contests

The Kaley prize speaking contest was held last spring and furnished a most enjoyable evening for many of the townspeople. For this spring it is hoped that more pupils will take part. Possibly a series of four preliminary contests—one for each class— to select speakers for the final public speaking, will work out satisfactorily. If this is done it would be well to have a paid instructor to help the pupils.

The Class of 1921 Prize offered to succeeding classes for an essay, has called forth some very interesting ideas from members of Junior classes, especially the prize essay of last June which discussed the subject of a community gymnasium.

To Mr. Kaley and the Class of 1921 should be given many thanks for their continued interest in school affairs.

Enrollment

A. High School—

The figures shown below indicate registration in High School on January 31, 1923:

Class 1923—Academic course, 4 boys, seven girls; Commercial course, 11 girls; Domestic Arts course 4 girls, Mechanic Arts course, 6 boys; total in class 32.

Class 1924—Academic course, 7 boys, 6 girls; Commercial course, 3 boys, 12 girls; Domestic Arts course,

4 girls Mechanic Arts course, 7 boys; total in class 39.

Class 1925—Academic course, 4 boys, 10 girls; Commercial course, 2 boys, 12 girls; Domestic Arts course, 6 girls; Mechanic Arts course, 12 boys; total in class 46.

Class 1926—Academic course, 11 boys, 19 girls; Commercial course, 1 boy, 10 girls; Domestic Arts course, 7 girls; Mechanic Arts course, 15 boys; total in class 64.

Postgraduate—Academic course, 1 boy.

The enrollment of the High School is 73 boys, 109 girls, total 182.

A year ago the total was 161; a year hence it may become 200 or more if we consider the net gain by entrance of those who complete Grade VIII this June and the increase of tuition pupils from surrounding towns above the 40 now registered.

Now that one grade room has been taken for High School purposes there is a seating capacity sufficient for next year. Eventually the High School may need even more room. It is safe to say that there is no chance to use more space in the High School building for grades.

—B. Elementary Schools—

These figures show but a slight decrease in the average number of pupils per teacher in the village schools in spite of the fact that two more teachers are on the staff than a year ago. Grades III and IV have been relieved by the construction of two additional rooms. This solution is but a makeshift one and can not be a permanent answer to an increase in the school population. The small numbers shown for Grade I are misleading because of many cases of non-membership due to sickness.

In the rural schools Pine Valley and Osgood have more pupils and grades than one teacher can handle to best advantage. Transportation routes are so arranged that Grade VI could be brought to the village as VII and VIII now are, provided room is available at the White building. Another solution for Pine Valley is to open the other school room and maintain a two room school. The second teacher might well be a helper or practice teacher from the Normal school. Whatever is done with the buildings and rooms now existing, there is bound to be for next year—as for several years past—an awkward combination of grades at some point along the line. This point varies from year to year, due to variation in the size of classes starting in Grade I.

Attendance

Percent of attendance in Milford schools was almost exactly the same as last year—97 percent in the High School and 96 percent the average for all schools: the average over the whole state was 93. For tardiness our average per pupil was .8 while the state average was 1.77. This good record shows support on the part of the majority of parents and efficient work by the truant officer, whose report is as follows:

Number of cases investigated	41
Conditions as follows:	
Sickness	15
No excuse	14
Out of town	5
Sickness in family	4
Not found	2
Over sixteen	1

From the records of last school year it is found that an aggregate of 416 sessions was lost during the year for various causes. Teachers' conventions and institutes explain a part of these but holidays and bad weather cause too large a percentage. In order to cut down this loss the calendar for the next school year as printed in this report is devised to make the periods when school is in session as nearly continuous as possible. In spite of the fact that the new calendar calls for more teaching days in the year every teacher in town but one has approved of the arrangement in writing. The table which follows shows attendance conditions in this supervisory union for the last school year and also gives information in regard to teachers:

ATTENDANCE TABLE FOR SUPERVISORY SCHOOL UNION

MILFORD

(Average Per Cent of Attendance 95.25)

C—Number of pupils not absent nor tardy.
D—Per Cent of Attendance.
E—Years of service in district.
F—Credentials: "C" Certificate; "L" License; "P" Permit.

Health and Recreation

The usual medical examination of children was made last spring and again this fall. Plans for the future are somewhat undetermined as, beginning this year, the School District will pay the Red Cross for the services of the nurse. An item in the budget for this purpose is permissible and with certain restrictions enters into the budget approved for state aid. Until the exact allowance for this is determined it is impossible to complete the plans for the rest of the year. Results of the examinations made last fall by Doctors Hinds,, Hutchinson and Proctor and reported by Miss Charlotte Smith, are as follows:

Defective vision	58
Defective hearing	3
Defective teeth	313
Hypertrophied tonsils	78
Unvaccinated (without proper excuse)	8

Miss Smith finished her work in Milford in November. December 1 Miss Adaline Chase, a graduate of Mount Holyoke college and a registered nurse, took her place. Miss Chase will have a report in another year when she is more fully acquainted with the situation. For nearly a year there has been much sickness among the school children which has interfered seriously with the work of the school. Measles, whooping cough, and mumps have been epidemic, the latter still continuing to be so. This is bound to give us a very poor attendance record and may interfere with the promotion of some children next June.

Physical exercises are in the daily program at each school and aim through their regularity to further the physical development of the children. For recreational purposes the White school was most fortunate to have its playground area more than doubled when the trustees of the Pillsbury estate granted the use of part

of the land which adjoins the school property. The fence on the east side was moved, giving large enough area for base ball and other sports. At the Brick school a small area across the road, east of the building, was cleared and made available by the selectmen, and is a great help for the recess period at this building. All of the playgrounds except the Laurel lack apparatus, such as swings, see-saws, slides, etc. Furnishing these would be an extra and unusual expenditure for the School District, but might well be made an objective for some public minded community organization. Should this be done, the employment of one year-round teacher who would have charge of playgrounds and special classes in summer might solve the problem of supplying extra instruction for backward or defective children.

A school lunch is still served at the High School building daily and is available for any pupils in town —high or elementary. Mrs. Farwell, in addition to the preparation and serving of the food, is again in charge of the basement until the reassembling of the grade schools in the afternoon.

Transportation

The plan of having all the seventh and eighth grade children come to the village has been continued. Other children below the high school who live more than two miles from the school to which they are assigned must be transported in accordance with the law. Our routes this year are as follows: Mr. Jewett drives from Federal Hill through the south part of town, bringing 9 pupils to the Osgood school, and continues on to the village with 10 seventh and eighth graders whom he picks up along the route. Mr. Adams serves families in the southwest corner of the town, bringing them via Pine Valley where he picks up seventh and eighth graders in that section, 14 in all. Mr. Hammerton takes care of three pupils in the southeast part of the

town. Mr. Trow has a route on the north side of the river with six passengers. The family living on the Frank Chase farm, which is in Amherst township but in Milford school district, provides its own conveyance for five children.

A New Building

A new building for elementary grades below the seventh has been more or less thought about and discussed for some years. As each year goes by, the need and advantage of such a building becomes more apparent, but no definite action or survey is made. At the present time the Brick and White schools are both crowded; in some rooms the air space per pupil is really too little, while the aisle space is the very minimum, with double rows of desks in three different rooms. Lighting has been improved as much as possible in nearly all of the rooms but never can be made just right. At the White school the toilets are in very bad condition, and at the Brick building could be very much improved. Heating has caused considerable difficulty with frequent expenditure for repairs and alterations. No matter how perfect the boilers and piping, there are two heating plants besides that at the High School building. The boiler at the High School was designed to heat a smaller building than we now have and will eventually have to be replaced. Each year inspection reveals defects which take many dollars to repair. At both the Brick and White buildings annual repairs and alterations amount to a sum large enough to pay quite a little interest money. Milford should consider seriously the matter of constructing one large modern building of at least 12 rooms to accommodate village pupils below Grade 7.

If such a building were constructed it could be located so that one common heating plant would suffice for every school room in the village. A saving in

fuel, janitor service, and repairs would amount to a great deal, while the **accommodations for the children —the most important thing of all**—would become what they ought to be.

The White building is a wooden structure dating back to about 1850 and could well be wholly dispensed with. The Brick building, situated as it is, would make an ideal location for a community house and gymnasium, a subject brought before us in the essay by Miss Davis which won the Class of 1921 prize last June. No change whatever should be made without a very careful and thorough study of the entire situation, but such an investigation should be made without further delay by a committee appointed this year to study the matter from every angle and report in 1924.

Costs

Attention should be called again to the basis of state aid, which is equalized valuation as determined by the Tax Commission each two years. The tentative revised figure for Milford is about $500,000 more than last year which means that the $5 tax "for the support of elementary schools" necessary to be raised in order to be eligible for state aid will be approximately $2500 more than last year. Since the entire amount of state aid received last year was less than $2700, no allowance for aid is made in this year's budget as it is hardly safe to plan for it at all when the legislature has not yet disposed of appropriation bills.

In Milford, for 1921-1922 a dollar of school money was expended as follows: Salaries of district officers, .6c; Superintendent's excess salary, .9c; truant officers and school census, .23c; expenses of administration, .9c; teachers' salaries, including evening school, 64c; text books, 1.93c; scholars' supplies, 3.2c; flags and appurtenances, 06c; other expenses of instruction, .94c; janitor service, 4.34c; fuel, 3c; water, light and janitors'

supplies, 1.8c; minor repairs and expenses, 3c; medical inspection, .64c; transportation, 6.3c; other special activities, .02c; insurance, .08c; other fixed charges, .08c; alteration of old buildings, 1.4c; new equipment, .94c; payment of principal of debt, 2.14c; payment of interest on debt, .3c; tax for state-wide supervision, 3.2c.

For the entire State for 1921-1922, figures are as follows: Teachers' salaries 53.3c; text books, scholars' supplies and tuition, 6.7c; supervision, .4c; transportation, 5.3c; mothers' aid, medical inspection and special activities, 1.9c; local administration, 1.8c; debt, interest and insurance 5.9c; lands, buildings and equipment, 8.3c; state administration, .9c; janitors' salaries, 4.4c; fuel, water and janitors' supplies, 5.5c; teacher training, .2c.

For the State as a whole the expenditure for transportation has increased more rapidly than any other item and is three times what it was eight years ago. Notice also that the State as a whole pays more for janitors than for superintendents, .4c against 4c.

Last year the current expenditure per pupil in the average membership in secondary schools in Milford was $97.94, while the figure for the whole state was $124.22; for elementary, $44.18 and $64.84 respectively; and for all schools, $54.98 and $73.91.

The tuition rate for Milford High School is now $75 of which the maximum paid by School Districts is $55, leaving an excess of $20 to be paid by parents. This situation may be changed by the present legislature so that districts maintaining no high school will have to pay the full tuition up to $75, this figure being the maximum any school district will be allowed to charge.

In the practical arts departments last year the boys did a good many repair jobs and some new construction for the schoolhouses of the District, stock for which amounted to nearly $50. Shelving, bookcases, flower boxes and screens were among the projects done.

In addition to these repair items, $42.61 in cash was received for stock used by the boys in projects made for home use.

The girls in Domestic Arts made many articles for themselves, furnishing their own materials. Certain items in the cost of this department were as follows: For the 80 seventh and eighth graders taking this work once a week supplies cost $86.40; prorated teacher's salary $87.50; total cost of support $173.90; cost per pupil per year exclusive of overhead expense $2.17; and cost per pupil per lesson $.06. For 17 high school pupils who had classes every day supplies cost $72.93; teacher's salary $1162.50; and cost per pupil per year $72.67.

The lunch counter maintained at the high school for the noon meal took in $1778.10 last year with expenditures of $1767.10. This whole plan is on a business basis without dependence upon the girls of the cooking classes and has proven to be just what pupils and teachers need, supplying as it does a hot drink, a hot dish, sandwiches and fruit.

A few figures from the biennial report of the State Board of Education might be of interest. For the year ending June, 1922, the average salary paid to teachers in elementary schools was $915.38 (in Amherst this average was $684); of 2634 such teachers employed, 1264 were normal graduates. There are 256 different school districts in the state; 704 one-room schools; 71,692 pupils enrolled; total pupils in one-room schools, 12,427; not absent nor tardy during year, 4499; average length of teaching period of teacher, six years. The total expenditure for public education in New Hampshire including elementary, secondary, normal schools, mother's aid, was $5,360,788.68. In the amount of money raised by state tax for school educational purposes, eight states only raised less than N. H.

Conclusion

Any citizen who believes in our public schools will

echo the sentiments expressed by a western educator in his "A Citizen's Educational Creed":

"I believe that education is the strong defense of a free nation and that ignorance is a curse to any people. I believe that the free public school system of the United States is the best guarantee of the rights vouchsafed to us by the Constitution. I believe, further, that the public schools of the land are the cradle of our democracy, and that in the classrooms and upon the playgrounds, where the sons and daughters of the street sweeper and railroad magnate, of day laborer, and multi-millionaire meet upon an equal footing and stand upon their individual merits, the lessons of democracy and fraternity are best taught. I believe that the hope of America is in her youth, and that the battleground of the world is the heart of the child, and that Government fails at its source when it ceases to make ample provision for the development of its future citizens."

Success in educational work and the progress of our public schools and the success of individual pupils depends directly on how well all concerned stand behind the teachers and other officers. Never has the need for strong public minded leadership and instruction been greater and never has the opportunity for service been larger. We must not fail to turn out sterling American citizens.

Rsepectfully submitted,

HAROLD C. BALES.

February, 1923.

REPORT OF HEADMASTER OF HIGH SCHOOL

To Mr. H. C. Bales, Superintendent of Schools, Milford:
My dear Mr. Bales:

The following is my fourth report as Headmaster of the Milford High School. It will be shorter than usual, as my former reports have been complete, covering the work in all particulars, and there have been very few changes during the past year. As a whole, the standards of the school have been maintained and strengthened, and the year has been one of progress.

The greatest change has been in the enrollment, the total having jumped to exactly two hundred. This makes an increase of twenty-six over last year, and the largest in the history of the school. If the usual number of new students had come from Greenfield and Bennington the numbers would have been still larger. There have been forty-two tuition pupils this year, coming from the towns of Amherst, Bedford, Bennington, Brookline, Francestown, Greenfield, Lyndeboro and Mont Vernon. The students have been grouped by classes as follows: Post-graduates, 2; Seniors, 33; Juniors, 44; Sophomores, 51; Freshmen, 70. The increased enrollment made it necessary for the high school to have the use of one of the rooms on the first floor and the one at the East end was chosen. With this room the school will be sure of enough seating capacity for several years to come.

The present large Freshman class reveals a tendency among the pupils to swing back to the academic curriculum and away from the practical subjects which have been so largely chosen in recent years. For example, when this year's Senior class entered school, less than one-fifth of the members chose the academic course, while last September this course was chosen by thirty-one pupils, or almost half the class. The other curricula were elected as follows: The commercial by

17; the mehanic arts by 15; and the domestic arts by 7. The program was slightly changed to allow girls in the commercial course to choose cooking and sewing as their elective subject. Five girls availed themselves of this opportunity, making a class of twelve for this subject.

The percentage of attendance has continued to be excellent, notwithstanding the fact that, since my last report, there has been an unusual amount of sickness and bad weather. Comparison with the State report on high schools shows that Milford stands well in this respect and also in other ways. Our percentage of attendance last year was 96.8 while the average for the State was 94. Eight per cent of our students left school during the year, while the State average was thirteen per cent. Sixty-eight per cent of our graduates in the Class of 1921 continued their education in other schools, while the average for the State was thirty-nine per cent.

Last June only seventeen students were graduated. Theirs was a small class when it entered, being the last of the war-time classes. Twelve of them, or seventy per cent, continued their education last fall. Among the institutions which they entered are Boston University, New Hampshire State College, Worcester City Hospital, Worcester Memorial Hospital, Wentworth Institute, Lowell Normal School, Keene Normal School, Lowell and Nashua Business Colleges and Milford High School.

The regular work of the school has gone on as well as usual. No group of people in the town is working harder than the teachers, and the students as a whole are trying reasonably well. A few are lazy and are in school only because they know of no better place in which to spend their time, but the majority of them are here for business.

The following students have maintained honor

ranks for the first half year, which ended Jan. 19, 1923: High Honors (no mark lower than ninety): Caroline Kirk, Alma Sargent, Elizabeth Colburn, Helen Walter, Eleanor Wadleigh. Honors (average of all marks being ninety or over): Christine MacDonald, Naomi Lanouette, Lillie Oikari. Honorable Mention (average of all marks being between eighty-seven and ninety): Ina Crosby, Constance Davis, Emily Frye, Alice Melendy, Lillian Richardson, Charlotte McIntosh, Elizabeth Murphy, Lillian Rimmi, Thirza Northrup, Mabel Hammond, Helen Putnam, Isobel Boutelle. Seven others have had their names on this list for one quarter, but not for both periods. Eleven students, at the middle of the year, had an average of less than seventy for all subjects. Eight of these were Freshmen, most of whom will improve as they become more accustomed to high school methods.

The following students maintained honor marks throughout the whole year which ended last June: High Honors: Alma Sargent, Helen Walter, Laura Prior. Honors: Christine MacDonald Lillie Oikari, Elizabeth Colburn, Alma Richardson. Honorable Mention: Arthur Clay, Emily Frye, Elizabeth Melendy.

The school met with two severe losses last June, when Miss Florence Thomae and Miss Edith Moore resigned to go to the high schools at Newburyport and Beverly respectively. Miss Moore had been here four years and Miss Thomae three. Both were doing excellent work that could be duplicated only by experienced teachers. Their departure and the increased enrollment made it necessary to have three new teachers, with a slight readjustment of subjects. The new teachers are: Miss Jeannette Linscott of Wollaston, Mass., a graduate of Wheaton College; Miss Thelma Smith of Melrose, Mass., a graduate of Dalhousie College of Halifax, Nova Scotia; and Miss Regina C. Landregan of Manchester, a graduate of the Bay Path Institute.

The Headmaster now teaches the elementary and advanced algebra; Miss Herlihy, Economics and History; Miss Twombly, Freshman and Sophomore English; Miss Sawyer, French and Senior English; Miss Smith, Latin and Junior English; Miss Linscott, Physics, Geometry, and Shop Mathematics; Miss Landregan, the Commercial subjects; Miss Hilliard, the Domestic Arts; and Mr. Talbot and Mr. O'Neil have the Mechanic Arts courses. On account of the large number of classes that were necessary, practically all of the students have to do their studying in a room where a recitation is being conducted.

This year, for the first time, credit is being given for music. Instead of requiring all students to spend an hour in the singing class each week and giving no one any credit for it, the subject has been made elective and given a value of one-fourth of a point for each year it is studied. Thus the course, with one meeting each week, elected for four years will count a full point, the same as one subject that has a recitation every day for one year. It is elected, however, in addition to and not in place of any of the other studies. Eighty students chose it. About half the time is spent in singing, and the other half is concerned with the theory and appreciation of music and with the work of the great composers. Considerable outside preparation is required of the members of the class, which is being conducted in a very efficient manner by Miss Gertrude M. Quigley of North Chelmsford, Mass. Miss Quigley also conducts a half-hour period of chorus singing for the whole school on Friday mornings after Assembly.

Last April, the Senior class made a successful and profitable trip to Washington. They had previously raised nearly enough money to pay their expenses by holding lectures, dances, food sales, and entertainments and by soliciting magazine subscriptions. To the money thus raised each student had to add about twenty

dollars. But long before the trip was over they were all agreed that they had received far more for their money than they expected. For six wonderful days they were on the go every waking minute, constantly seeing and learning new things about their country and its government. With so many good things to do there was no time for mischief. Through the courtesy and kindness of Mr. Fred Young, Congressman Wason, and Senator Keyes they saw, as far as their time allowed, everything from the Senate subway to the rings of Saturn and the moons of Jupiter, which last were viewed through the giant telescope at the Naval Observatory under the supervision of Professor Hall. Practically every public building was visited and each member of the party was received by both President Harding and Vice President Coolidge. Surely each one came back a better citizen than when he started and I wish that every Senior class might make a similar trip. However, this year and for some years to come, the classes will be so large that it will be almost impossible for them to raise enough money to defray expenses.

I can conceive of no more patriotic or fruitful expenditure that the School District or some public-spirited organization could make than to appropriate each year from five to seven hundred dollars to be divided among about fifteen Seniors who had obtained the best records throughout their high school course, to help pay their expenses on a trip to Washington. An unheard-of use of public money! Perhaps so. I never heard of it anywhere else myself. But being something big enough to work for, and including so many people that no student who was worth his salt would say at the beginning of his course, that he had no chance to get into the successful group, I believe it would stimulate among the pupils an effort and interest in their work that would pay the town enormous dividends in good citizenship.

The annual Kaley Prize Speaking Contest was held last May. First prizes were won by Mary Hadley and Wallace Riddle, and second prizes by Juliet Phillips and Frederick Conrey.

The first award of the Class of 1921 Prize for the best essay by a member of the Junior class was made at graduation. Miss Constance Davis received the prize which was a five-dollar gold piece. Her subject was "A Public Gymnasium for Milford."

The other social and athletic activities have been carried on as usual.

Respectfully submitted,

AUBREY F. HILLS.

REPORT OF MUSIC SUPERVISOR

Mr. H. C. Bales:

The following is a brief outline of the work in the music department of the Milford schools.

I began my work in Milford in February of 1922. At that time I gave to every teacher an outline, complete for eight grades. By careful study of this outline a teacher may know what she must teach in order to prepare her class for the next year; also she may know what has been accomplished in time and tune during the years previous.

I found the work progressing very smoothly when I came. Miss Gane gave me a plan of her work which I continued with but few changes.

It is my aim to bring the best in music close to the children and to give them means by which they may produce good music of their own. Even in the primary grades we begin note reading. At the end of the third year the children are able to read difficult exercises in perfect time and tune.

I hope to complete the work in theory in the grades and I feel sure that we will complete the course in the present eighth grade. Last year we did not perfect the work in the minor mode or Bass cleff. This year we began the work in September and at present 80 percent of the eighth grade pupils are able to write any key in either major or minor mode. If I finish the theoretical study in the grades the high school music will reach a much higher standard. My class in Music Appreciation is a source of much satisfaction to me and the high school pupils who elected the subject have worked faithfully and have been very much interested.

Mr. Hills has helped me to create a better spirit in the music work in the high school and largely through his efforts I have a large class in Appreciation.

Last year the pupils of the primary and grammar grades produced a musical play. Teachers, pupils and, I hope, the parents, enjoyed it. We plan to have a play this year, one which will give some idea of the work which we do in the classroom.

In closing I must say a word in praise of the teachers. In every room I have had earnest cooperation, an enthusiastic interest and a happy atmosphere of friendliness. Whatever success I have attained is due in a great measure to the teachers.

I am grateful to you, Mr. Bales, for your helpful suggestions, and to the School Board for their interest and especially for their willingness to enlarge the course in the high school.

A cordial invitation is extended to the parents to visit my classes at any time. Interest of parents encourages teachers and pupils alike.

Respectfully submitted,

GERTRUDE M. QUIGLEY

Supervisor of Music.

STATISTICS OF SCHOOL YEAR 1921-1922

Whole number of pupils registered during year not including evening school	853
Number of girls registered	434
Number of boys registered	419
Enrollment by grades, I-106; II-98; III-87; IV-83; V-82; VI-75; VII-72; VIII-76 IX-59; X-50; XI-46; XII-19. Total	853
Whole number enrolled who had not attended school elsewhere in the state	844
Number girls registered in high school	99
Number boys registered in high school	75
Number under 5 years	0
Number between 5 and 8 years	173
Number between 8 and 14 years	459
Number between 14 and 16 years	142
Number over 16 years	70
Number non-resident pupils attending high school	41
Number non-res. pupils attending elem. schools	4
Average attendance in high school	157.25
Average absence in high school	5.17
Average membership in high school	162.42
Per cent of attendance in high school	96.81
Average attendance in elementary school	615.88
Average absence in elementary school	29.55
Average membership in elementary school	645.43
Per cent of attendance in elementary school	95.42
Average attendance of all schools	773.13
Average absence of all schools	34.72
Average membership of all schools	807.85
Per cent attendance of all schools	95.70
Number not absent nor tardy during year	70
Aggregate number of tardinesses	682
Number of tardinesses in high school	203
Average tardinesses per pupil in high school	1.16
Weeks in year, high and VII and VIII	38

Weeks in year, elementary schools	36
Total number of schools below high school	18
Total number of teaching positions	30
Number of men enrolled in evening school	23
Number of women enrolled in evening school	15
Average salary of women teachers in high school	$1200
Average salary of elementary teachers	$920
Average salary of men teachers	$1550
Salary of headmaster of high school	$2300
Number of mixed or rural one-room schools	5
Average membership of one-room schools	26
Aggregate number of sessions lost from all causes	416
Number of visits by school board members	35
Number of visits by superintendent	747
Number of visits by citizens, including special occasions	899

Return of Census

Number of children 5 to 16 years of age: Boys, 394; Girls, 401; Total	795
Total number of children in local public schools on September 30, 1922: High 191; elem, 675 (Of these 82 were over 16 years of age)	848
Number attending school outside the district	3
Number 5 to 8 years of age not attending school	29
Number 14 to 16 years of age not attending school	8
Number of tuition pupils: High 42; elem. 8,	50

Ruth Riedle, Edna Talbot, Antonio Villane, Lewis Wilkins, Norman Ashford, Norman Brown, Helen Conrey, Harold Cousens, Ruth Davis, Gertrude Duerschmidt, Inez Huovinen, Mary Lemmo, Vincenzo Lemmo, Ellsworth White, Ruby Carpenter, Frances Cassanerio, Mary DeAmicis, Edna LaPonsie, Lena Maxwell, Stillman Merrill, George Peterson, Salvatore Sarraceno, Aldier Silver, Hazel Vittalo, Louis Bernasconi, Earl Ellsworth, Mildred Jameson, Amelia Marcucci, Vivian Rosi, David Jennison, Miriam Jennison, Ruth Richardson, Charles Webster, Daniel Webster, Ena Daniels, Theodore Daniels, Thomas Forsyth, Annie Melendy, Mary Melendy, Harold Noon, Mary Noon, John Provasoli, John Stein, Florence Anderton, Alice Cullinan, Richard Hutchinson, Carrie Mischo, Lea Mischo, David Sylvester, Dora Vander Heyden.

PERFECT ATTENDANCE, SEPTEMBER 5, 1922, TO JANUARY 31, 1923

Grade VIII: Aili Davidson, Eino Harris, Russell Hokinson, Joan Lanouette, Leonard Lorden, Werner Oikari, Alvin Pond, Eino Stein, Gertrude Wheeler, Elizabeth White.

Grade VII and VIII: Elmer Adams, Caroline Ambrosino, Antimo Carpentier, Archie Carpentier, James Cassidy, Douglas Chandler, Carl Clay, Elizabeth Courage, Marjorie Crowell, Caroline Edwards, Helen Falcone, Owen Fisk, Austin Grimes, James Pratt.

Grade VII: Thomas Iannicelli, Elvi Stein, Richard Towne, Plinio Trentini, Michael Villane, Myrtle Webster, Maxwell Wetherbee, Helen Wilder.

Grade VI: Iola Ricciardi, Madeline Sukeforth, Rosario Locicero, Robert Lynch, Theolinda Marchesi.

Grade V and VI: Donald Bowler, Rudolph Consigli.

Grade V: David Courage, Alfred DeAmicis, Irvin Johnson, Eino Koski, Fairlie Laurie, Joseph Liberty, Pauline Maffie, Onni Matson, Toivo Peterson.

Grade IV: Elizabeth Clarkin, Albert Korpinen, Toivo Koski, Ellen Kuntz, Francis Lorden, Lena Romeo, John Stein.

Grade III: Sylvia Harris, Kathleen Lorden, Edna Talbot.

Grade II: Morris Courage, Bertha Korpinen, Josephine Locicero, Annie Pelligreno.

Grade I: Lillian Clay, Robert Reid.

Federal Hill: Hazel Trombly.

Osgood: Ina Daniels, Charles Forsyth, Norman Jarest, Mary Melendy, Mary Noon.

Pine Valley: George Blanchette, Leo Blanchette, Ina Davidson.

Vital Statistics

To the Selectmen of Milford, N. H.:

In compliance with an act of the Legislature enacted June session 1887, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the annual reports," I submit the following.

JAMES M. LAWS, Town Clerk.

Marriages Registered in the Town of Milford, N. H., for the Year Ending December 31, 1922.

Nov. 25,	Middleton, M.	Geo. P. Chickering	26	10	24	Concord
Dec. 7,	Concord	Emeline A. Tucker	88	5	28	Elm
Dec. 10,	Mont Vernon	Lucy J. Hutchinson	74		11	North

Of the deaths in 1922, 17 were buried elsewhere; five in Massachusetts, two in Vermont and the rest in other towns in this state.

There were 30 brought from away for burial here; some residents of long ago, others only away a short time.

Of the 50 deaths in town 2 were between the ages of 90 and 100; 11 between 80 and 90; 8 between 70 and 80; 9 between 60 and 70; 2 between 50 and 60; 2 between 40 and 50; 2 between 30 and 40; 1 between 20 and 30; 2 between 10 and 20; 11 between 1 and 10.

The sex was males 22; females 28. Of 21 one or both parents were born outside this country; 11 themselves were born in other countries.

The vital statistics of a town are one of its most important records, not merely for today but for generations to come. If everyone would see to it that the records of their own families were correctly and fully filled out on Marriage, Birth and Death certificates when handed in, it might be of great use to them and their descendants at some future day,

and a great help to us in making out the records of today.

I hereby certify that the foregoing returns are correct according to the best of my knowledge and belief.

JAMES M. LAWS, Town Clerk.

INVENTORY

OF THE TAXABLE PROPERTY
FOUND IN

MILFORD, N. H.
April 1, 1922
